1. life members;
2. junior members
3. intermediate members;
4. country members;
5. temporary members;
6. social members;

(refer to the Yeppoon Golf Club Inc rules for definition of the relevant classes of membership.

MEMBERSHIP FEES/CURRENCY

Membership fees are determined by the Management Committee, and are due 30 June each year, payable in full. Members who have not paid their membership fees in full by 1 July each year shall be deemed unfinancial. The Management Committee may terminate a member's membership if the member has membership fees in arrears of 2 months

IDEALS OF MEMBERSHIP

The enjoyment of golf depends on the co-operation, consideration and courtesy extended to fellow competitors. What is true of the game also applies to club membership. The spirit and image of the Club is projected by the way fellow members show respect, courtesy and consideration for one another. This courtesy and consideration should extend to the choice of dress generally, and in the standard of conduct on the course and in the clubhouse.

The standards of a golf club may be judged by the etiquette of the members. Members are asked to give close attention to:

- The rules of golf
- The etiquette of the game
- The local rules
- The regulations governing conditions of play

Your attention to these matters will thereby avoid penalties, promote harmony and make the game pleasant for all.

It is the responsibility of the proposer and seconder of a new member to see that they are completely assimilated into the Club. New members should be introduced to Club Officials, informed of Club Rules, and above all, ensure that they are sufficiently familiar with the rules and etiquette of the game.

ETIQUETTE ON THE GOLF COURSE

CONSIDERATION FOR OTHER PLAYERS

Slow Play

In the interest of all players it is imperative that slow play does not impede the field. The following measures have been implemented in an endeavour to speed up play. These measures **MUST** be adhered to:-

- Lead groups are allowed a maximum time of **4 hours** to complete their round (based on a medium to full field). Times adjust for smaller or larger fields.
- Groups following must complete their rounds within **15 minutes of the group ahead. This also applies to the last group in the field**
- Groups are required to maintain their position in the field.
- If there is a clear hole in front of the group, every member of the group is responsible to accelerate their pace of play and regain their position in the field.
- Stops after nine holes should only be taken if the group holds its position in the field.
- On the tee, be ready to hit immediately. The “Honour Order” should not be used. In some instances the “shorter hitters” within the group should hit first.

Remember, Ready Golf is Best

The following penalties will apply to those players that do not maintain their position behind the group in front.

- First Offence – Informal discussions will be held with players to assist them in making adjustments to their pace of play.
- Second Offence – Players with a 1st offence will receive a written reprimand
- Third Offence – Players with a 1st and 2nd offence will receive a 2 shot penalty.
- Subsequent Offences – Disqualification from competition

Playing/Calling Up

In all situations, members are not to play up if they are within hitting distance of another player, group or club employee. All members are advised that the course does not provide for any hole to be a hit/call up hole during the course of play.

Behaviour During Play

No one should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke.

CONSIDERATION FOR GOLF CLUB EMPLOYEES

The “Ideals of Membership” of showing respect, courtesy and consideration for fellow members also extends to employees of the golf club. Members are required to show courtesy to all employees at all times.

The Yeppoon Golf Club Inc has adopted safe work practices as required by Workplace Health and Safety Act and Regulations. All policies are in accordance with the Club’s duty of care to the safety of all golf participants and employees of the Club.

Course Maintenance: When a flag has been removed by greens staff for maintenance purposes, the green is out of play and golfers are not to hit up until the flag has been replaced and the green staff are clear of the green and surrounding area. Golfers are required to wait for an approaching vehicle or mower to pass or be out of range before playing their shot.

CARE OF THE GOLF COURSE

Bunker Maintenance

Before leaving a bunker, a player must smooth over all holes and footprints made by him with the rake provided

Repair Divots, Ball Pitch Marks

Through the green, a player should ensure that any turf cut or displaced is replaced immediately, and covered with sand. Each individual player must carry a sand bucket at all times. Any damage on the putting green made by the ball ie pitch marks must be carefully repaired. Golf shoes with metal golf spikes are not to be worn on this course.

Practice on the Course

No player is permitted to play more than one ball except when permitted under the rules of golf. Practicing on the course, for example, by playing repeated approach shots to the green is specifically prohibited.
